Consent for Treatment

By signing this consent, I am authorizing my physician and/or other individuals he or she deems appropriate to perform and/or order exams, tests, procedures, and any other care deemed necessary or advisable for the diagnosis and treatment of my medical condition. This consent is valid for each visit I make to **Lake Highlands Medical Partners** unless revoked by me orally or in writing.

Please be informed Texas law allows a patient to be tested for possible exposure to the Human Immunodeficiency Virus (HIV), the virus associated with AIDS, in the following situations: 1) to screen blood, blood products, organs or tissues to determine suitability for donation; 2) if another individual is accidentally exposed to a patient's blood or body fluids, such as through a needlestick (any such test shall be conducted pursuant to **Lake Highlands Medical Partners'** infectious disease protocol); or 3) if a medical or surgical procedure is to be performed which could expose health care workers to the patient's blood or body fluids. FINANCIAL POLICY

Thank you for choosing the **Lake Highlands Medical Partners** as your health care provider. We are committed to providing excellent health care services to you, our patient. As a part of our professional relationship, it is important that you have an understanding of our financial policy.

All patients must read and sign this form prior to receiving services.

❖ **It is your responsibility to provide us with your most current insurance information.**

- ☞ If you fail to provide accurate insurance information in a timely manner, your insurance company may deny the claim. If the claim is denied, you will be financially responsible for services rendered.
- ☞ We must emphasize that, as medical providers, our relationship is with you, the patient, and not your insurance company. Your insurance is a contract between you, your insurance company and possibly your employer. It is your responsibility to know and understand the level of services covered by your insurance company.
- ☞ If you have **Medicaid** coverage of any kind, you must notify us prior to your visit. This is part of your agreement with Medicaid, and **failure to notify us** of Medicaid coverage will result in full financial responsibility for services rendered.
- ☞ We may accept assignment of insurance after verification of your coverage. Please be aware that some or perhaps all of the services provided may not be covered in full by your insurance company. **You are financially responsible for services not covered by your insurance company.**
- ☞ Before receiving services, you must verify that we are participating providers for your insurance company. It is also necessary that our primary care physician is listed as your primary care provider with your insurance company, if required by your contract with your insurance company. In the event we are not participating providers or our physician is not listed as your primary care provider with your insurance company, we will file the initial claim as a courtesy. Payment, however, is due in full at the time of service.
- ☞ We charge what is usual and customary for our area. You are responsible for payment regardless of any insurance company's arbitrary determination of usual and customary rates.
- ☞ Copayments, coinsurance and/or deductibles are due at the time of service. We will estimate the amount you owe based on information we receive from your insurance company. However, you are responsible for paying the full amount determined by your insurance company once they have paid your claim – regardless of our estimation.

☞ **It is your responsibility to provide us with your most current billing information.**

- ☞ You must provide your most current billing address, all available telephone numbers and any other important contact information. If your address or contact information changes, it is your responsibility to contact us with the updated information.
- ☞ We will send a statement (to the billing address you provide) notifying you of any balances you may owe. If you have any questions or dispute the validity of this balance, it is your responsibility to contact our business office within 30-days after receipt of the initial statement. You can call **(817) 514-5200** or **1-800-555-1429**.
- ☞ **Payment in full is due upon receipt of the statement.** Patient balances not paid in full within 30 days of the statement issue date are deemed past due. Past due accounts may be subject to a \$5.00 monthly late fee and may be referred to a professional collection agency and/or attorney for further collection activity. You will be responsible to pay all collection costs incurred, including attorney's fees and court costs if applicable.
- ☞ If you are not able to pay the balance due in full, you must contact our billing office to discuss a payment schedule. Any late fees already incurred on past due balances will be included in any mutually agreed upon arrangements. If you fail to make payments as agreed upon, your account may be referred to a professional collection agency and/or attorney. You will be responsible for all collection costs incurred, including attorney's fees and court costs if applicable.
- ☞ If your account is assigned to a professional collection agency, you will be notified by certified mail that you will no longer be able to receive services from any of the physicians at the **Lake Highlands Medical Partners**. Failure to accept this certified letter (and/or to pick it up at the post office) serves as notice of termination of services.
- ☞ In the event you submit payment by check and the bank returns the check unpaid for any reason, we will add \$25.00 to your original balance. In addition, we may seek all additional legal remedies provided to us under Texas law.
- ☞ We may charge you a "No Show" fee if you fail to cancel or reschedule your appointment at least 24 hours prior to your appointment date.
- ☞ **Failure to keep your account balance current may require us to cancel or reschedule your appointment.**

Full payment is due at the time of service. We accept cash, checks and credit cards. I have read and understand this Financial Policy.

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN ACCESS THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

IF YOU HAVE ANY QUESTIONS ABOUT THIS NOTICE PLEASE CONTACT OUR PRIVACY OFFICER STEPHEN EPPSTEIN, M.D. AT (817) 514-5200.

This Notice of Privacy Practices describes how we may use and disclose your protected health information to carry out your treatment, payment for your health care, or health care (clinic) operations and for other purposes that are permitted or required by law. It also describes your rights to access and control your protected health information. "Protected health information" is information about you that may identify you and that relates to your past, present, or future physical or mental health or condition and related to health care services.

We are required to maintain the privacy of protected health information and to abide by the terms of this Notice of Privacy Practices. We may change the terms of our notice at any time. The new notice will be effective for all protected health information that we maintain at that time. Upon your request, we will provide you with any revised Notice of Privacy Practices via our website, www.LakeHighlandsMedicalPartners.com, or by calling the office and requesting that a revised copy be sent to you in the mail or asking for one at the time of your next appointment. An updated copy will also be posted in your physician's office.

1. Uses and Disclosures of Protected Health Information

Your protected health information may be used and disclosed by your physician, our office staff and others outside of our office that are involved in your care and treatment for the purpose of providing health care services to you. Your protected health information may also be used and disclosed to pay your health care bills and to support the operation of the physician's practice.

Following are examples of the types of uses and disclosures of your protected health care information that the physician's office is permitted to make. These examples are not meant to be exhaustive, but to describe the types of uses and disclosures that may be made by our office.

Treatment: We will use and disclose your protected health information to provide, coordinate, or manage your health care and any related services. This includes the coordination or management of your health care with a third party that has already obtained your permission to have access to your protected health information. For example, we would disclose your protected health information, as necessary, to a home health agency that provides care to you. We will also disclose protected health information to other physicians who may be treating you. For example, your protected health information may be provided to a physician to whom you have been referred to ensure that the physician has the necessary information to diagnose or treat you.

In addition, we may disclose your protected health information from time-to-time to another physician or health care provider (e.g., a radiologist or pathologist) who, at the request of your physician, becomes involved in your care by providing assistance with your health care diagnosis or treatment to your physician.

Payment: Your protected health information will be used, as needed, to obtain payment for your health care services. This may include certain activities that your health insurance plan may undertake before it approves or pays for the health care services we recommend for you such as: making a determination of eligibility or coverage for insurance benefits, reviewing services provided to you for medical necessity, and undertaking utilization review activities. For example, obtaining approval for a hospital stay may require that your relevant protected health information be disclosed to the health plan to obtain approval for the hospital admission.

Healthcare (Clinic) Operations: We may use or disclose, as-needed, your protected health information in order to support the professional and business activities of your physician's practice. These activities include, but are not limited to, quality assessment activities, employee review activities, training of medical and nursing students, licensing, and conducting or arranging for other business activities.

For example, we may disclose your protected health information to medical and nursing school students that see patients at our office. In addition, we may use a sign-in sheet at the registration desk where you will be asked to sign your name and indicate your physician. We may also call you by name in the waiting room when your physician is ready to see you. We may use or disclose your protected health information, as necessary, to contact you to remind you of your appointment.

We will share your protected health information with third party "business associates" that perform various activities (e.g., billing, transcription services, telephone answering services) for the practice. Whenever an arrangement between our office and a business associate involves the use or disclosure of your protected health information, we will have a written contract that contains terms that protect the privacy of your protected health information.

We may use or disclose your protected health information, as necessary, to provide you with appointment reminders, information about treatment alternatives or other health-related benefits and services that may be of interest to you. For example, we may send you information about products or services that we believe may be beneficial to you.

Uses and Disclosures of Protected Health Information Based upon Your Written Authorization Other uses and disclosures of your protected health information will be made only with your written authorization, unless otherwise permitted or required by law as described below. You may revoke this authorization, at any time, in writing, except to the extent that your physician or the physician's practice has taken an action in reliance on the use or disclosure indicated in the authorization.

Other Permitted and Required Uses and Disclosures That May Be Made With Your Authorization or Opportunity to Object You have the opportunity to agree or object to the use or disclosure of all or part of your protected health information. If you are not present or able to agree or object to the use or disclosure of the protected health information, then your physician may, using professional judgment, determine whether the disclosure is in

Your physician may prepare a rebuttal to your statement which will also become part of your medical record. Your physician will provide you with a copy of any such rebuttal. Please contact our Privacy Officer if you have questions about amending your medical record.

You have the right to receive an accounting of certain disclosures we have made, if any, of your protected health information. HIPAA Patient Education

What is HIPAA?

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) is a law passed by Congress to protect patient privacy with regards to medical records and to control the flow of health information. Also, HIPAA was designed to lower administrative costs by setting standards for the filing and processing of insurance claims. HIPAA regulations will affect people at all levels of healthcare, including patients and their physicians.

What is TPO?

Treatment, payment, and operations (TPO) include the routine processes involved in receiving healthcare. There are several examples that encompass TPO. Oftentimes it is necessary to share your health information between healthcare providers, such as providing a referral to a specialist. This is a part of **treatment**. Information about your diagnosis and other health information is required for **payment** from insurance companies. Evaluations of medical records to ensure high quality care provided by our physicians are considered part of **operations**.

Why should I care about TPO?

HIPAA legislation outlines significant differences for the handling of health information for TPO and reasons *other* than TPO. The laws created by HIPAA are designed to expedite healthcare by placing no restrictions on the sharing of your health information for TPO and severely restricting information not required for TPO (e.g. releasing information to other people, even your family members, or for marketing reasons).

How will HIPAA affect me as a patient?

HIPAA will benefit patients in many ways. For example, **Lake Highlands Medical Partners** will provide all patients with information about their rights to privacy. Also, the new regulations make it illegal for healthcare providers to sell your health information to marketers and advertisers without your written authorization. As a patient, you have the right to review your medical record if you believe something is incorrect and request a change. However, only your physician can determine if your medical record is inaccurate.

Will HIPAA have any negative effects?

The intention of HIPAA legislation is to improve the level of privacy for patients.

However, the law requires the patient's written permission before his or her health information can be released for reasons other than TPO. For example, relatives can not call to the clinic and get any health information without you signing an authorization first. Please understand the clinic is working to protect the privacy of all patients and may have stricter policies for the release of such information.

When will these changes take place?

Lake Highlands Medical Partners must comply with HIPAA regulations by April 14, 2003. However, every clinic is working diligently to become compliant prior to the deadline.

Who should I contact if I have concerns about the privacy of my Lake Highlands Medical Partners medical record?

Lake Highlands Medical Partners has a Privacy Officer available to resolve any privacy issues. Please contact:

Stephen Eppstein, M.D.
